Journey to Excellence

* Our troop is meeting or exceeding district goals set for planning and continuous improvement.

* At our last court of honor there were 108 merit badges earned and 32 rank advancements achieved!

Scoutmaster

* Congratulations to the girls involved in purchasing plates and silverware at Goodwill for a fraction of the cost that would have been incurred had they used paper goods. In addition to saving money they will also generate less trash.

* Please keep in mind that several of our scouts will have required community service projects for rank advancements. Suggestions for specific needs in our community would be appreciated.

Recruiting

*We have had several new members and welcome more! Please continue to spread the word and invite anyone 11 or older to a meeting. Our girls have been very kind and welcoming to both prospective and new members. The fact that we have had such a great response speaks volumes about our scouts.

Past Business

* WWW was a great success. It was mentioned that it might be prudent not to have our booth right next to the Girl Scout booth next year.
